PROFESSIONAL SUMMARY

Applied sports scientist with a placement year across Scottish Rugby's men's, women's and pathway programmes, delivering GPS monitoring, Power BI reporting and return-to-play support. MSc student in Sport Analytics and AI at Loughborough University London; Scotland lacrosse international.

WORK EXPERIENCE

Sports Scientist | Scottish Rugby Union, *Edinburgh* 2024 - 2025

- Placement year across three national programmes, supporting elite squads of 40–50 players.

Performance data and reporting

- Analysed GPS data from training and matches to inform load management (Men's National Team).
- Built Power BI reports and dashboards that shaped training decisions week to week.
- Analysed Women's National Team performance data and presented findings to coaches.

Applied support

- Independently ran Women's National Team sessions, including monitoring and testing.
- Supported S&C coaches on return-to-play; assisted pathway profiling and testing days.

Lacrosse Coach & Strength and Conditioning Coach | University of Bath, *Bath* 2023 - 2026

- Designed and ran weekly training, strength-and-conditioning programming, selection and return-to-play.

Sports Coach | Fettes College, *Edinburgh* 2022

- Coached lacrosse and tennis across age and skill levels; qualified as a Level 1 umpire.
-

EDUCATION

MSc Sport Analytics and Artificial Intelligence, Loughborough University London, *London* 2026 - Present

- Machine Learning for Sport, Advanced Statistical Analysis for Sport and Human-Computer Interaction

BSc (Hons) Sport and Exercise Science with Professional Placement, University of Bath, *Bath* 2022 – 2026

- Sports Biomechanics, Functional Anatomy and Biomechanics and Sports and Exercise Medicine. Grade: 2:1

International Baccalaureate, 38 points, Fettes College, *Edinburgh* 2016 - 2021

PROJECTS

Athlete Wellbeing & Injury-Tracking App, App Sheet, Python 2023 - 2025

- Built an athlete-monitoring app for Bath Women's 1st Lacrosse (20 athletes), flagging fatigue and injury risk.
-

SKILLS & CERTIFICATIONS

Python | MATLAB | App Sheet | data reporting & dashboards | MS Office | GPS & motion capture

Functional Fitness Coaching Level 2 | British Weightlifting Coaching Level 1 | England Lacrosse Umpiring Level 1
